

DATA FROM IMR CRUISES

Raw data from IMR Cruises can be accessed and downloaded from IMR using the Amazon S3 service. The files can be accessed using a S3 User Interface tool or the Amazon S3 Rest API.

Cruise data from 2010 until 2023 is currently available here.

Examples of S3 User Interface tools:

<https://cyberduc.io/>

<https://s3browser.com/>

API Reference:

<https://docs.aws.amazon.com/AmazonS3/latest/API/Welcome.html>

User credentials are needed and can be obtained by sending a request to datahjelp@hi.no

Further information about S3 can be found here:

https://en.wikipedia.org/wiki/Amazon_S3

File hierarchy:

/cruise_data<YEAR>/gpfs0-cruise_data<YEAR>/<CRUISE>/<cruise file hierarchy>

Se 'FolderStructure.pdf' for a description of the cruise file hierarchy
